KWC EVE delivers vital life elements

The latest from KWC AMERICA incorporates water and light

NORCROSS, Ga. (April 2009) – KWC AMERICA has combined beauty, technology and function to create the KWC EVE faucet. The exceptional stream of water and illuminated LED light ring provides an outstanding work environment in the kitchen.

KWC EVE's simple and sophisticated stream of water and illuminated LED light ring create a valuable work environment for the ultimate kitchen. At the push of a concealed button, the powerful and long-lasting ring light, integrates beautifully with KWC EVE's Neoperl® pull-out spray from the slender swivel spout. The faucet is available in either a kitchen sink size, 16 1/2" counter to top of faucet x 8 7/8" spout to faucet or in a smaller version for the bar or a bathroom vanity, 13 1/4" x 8 1/8".

Always easy to clean, KWC EVE can be used with or without the light beam illuminated and is offered in chrome finish or stainless steel. The single side-lever faucet is perfect to be used as a bar or sink faucet. The faucet is also available without the integrated light. KWC EVE is truly an innovative piece for any gourmand.
